EDUCATION

BSC COMPUTER SCIENCE

PUNE UNIVERSITY   2018 - 2021

- Distinction - 82%

HSC

Maharashtra State   2017 - 2018
Board

- Distinction - 81%

SSC

Maharashtra State   2015 - 2016
Board

- Distinction - 89 %

LANGUAGES

- English (Professional)
- Hindi (Fluent)
- Marathi (Conversational)
- Malayalam (Conversational)

CERTIFICATIONS AND COURSES

- Udemy Course - Angular (up to date with v18)
- Udemy Course - React

ADITYA KRISHNAKUMAR

UI DEVELOPER

PROFILE

Results-driven Frontend Software Engineer with **3+ years** of experience building responsive and scalable web applications. Proficient in **React**, **Angular**, **JavaScript**, **TypeScript**, and modern UI frameworks including **TailwindCSS** and **Angular Material**. Passionate about solving complex problems using clean, maintainable code. Adept in performance optimization, unit testing, API integrations, and collaborative development in Agile teams. Actively exploring cloud technologies, data structures, and backend stacks (**Node.js, Express, MongoDB**) to become a well-rounded full-stack developer.

WORK EXPERIENCE

MSM Unify   JUL 2022- JUN 2025

Angular Developer

- Developed dynamic and responsive web applications using Angular and TypeScript, including modular components and real-time dashboards.
- Enhanced performance and UX across key modules in the MSM Unify platform by rewriting legacy components with modern Angular best practices.
- Integrated secure and reliable payment gateways (**Razorpay**, **BillDesk**).
- Collaborated with product managers and backend teams to design and implement scalable UI solutions.
- Applied route guards, resolvers, and state management to create seamless navigation.
- Led peer code reviews and contributed to maintaining clean and modular code.
- Designed and implemented interactive data tables with DevExtreme Data Grid

MSM Unify   JAN 2022 - JUL 2022

Angular Developer - Intern

- Contributed to major frontend revamp projects.
- Learned and applied key frontend principles, agile workflows, and testing practices.

SKILLS

- **Languages**: JavaScript, TypeScript, HTML5, CSS3
- **Frameworks**: React.js, Angular (v2 to v18), Node.js (basic), Express.js
- **Styling**: TailwindCSS, Bootstrap, Angular Material
- **Tools & Practices:** Git, GitHub, DevExtreme, REST APIs, Razorpay Integration, BillDesk
- **Testing**: Jasmine, Karma (exploring)
- **Databases**: MySQL, MongoDB (learning)
- **Concepts**: Data Structures, Algorithms, Design Patterns, Responsive Design
- **Exploring**: Spring Boot, Cloud Technologies (AWS basics), Queuing (RabbitMQ basics)
